To

The Principal/ Dean,
All the Medical Colleges/ Medical Institutions of India,

विषय: Implementation of Pradhan Mantri National Dialysis Portal (PMNDP) in Medical Colleges (both Government and Private). - reg.

Madam/Sir,

This is to bring to your kind attention that all medical colleges (both Government and Private) which are providing dialysis services are directed to use the PMNDP portal, to provide smooth delivery of necessary dialysis services to every patient having unique ABHA ID (UHID) and to improve visibility & have a uniform IT platform for capturing details of all the beneficiaries.

2. It is further informed that the portal (<https://pmndp.nhp.gov.in/en>) is now fully functional and well stabilized. If any training is required to operate the said portal, it will be organized by the National Health Systems Resource Centre (NHSRC). The Medical Colleges can contact Dr. Ranjan Kumar Choudhary, Advisor, Healthcare Technologies at ranjan.choudhary@nhsrcindia.org for any assistance and clarification on the matter.

3. This issues with the approval of Chairman, NMC.

Yours faithfully,

(Dr. Sandhya Bhullar)
Secretary, NMC

Copy to: DMMP for uploading on NMC website.
